

Club Fishing Trip

Lake Taylor

We had a very successful first trip to Lake Taylor and the Hurunui River. We had 8 members come along on the trip. Our accommodation at Lake Taylor Station was very comfortable in a rustic sort of way. There were four bunkrooms, 2 toilets, 2 showers and a large lounge come kitchen area. Most members went out fishing on the Friday night with a couple of people having success, then back for hot cross buns for supper. Saturday was a great day (apart from the wind) with most people catching a fish or two. We spread ourselves around Lake Sumner, Lake Taylor, Lake Sheppard and the North Branch of the Hurunui. There was also access to Lake Mason but it was \$50.00 per 4wd. We had a lot of places to fish. We had a wonderful BBQ on Saturday night to top of a great weekend! Della
